

Metal cabinet with sliding doors h796_20

Office steel cabinet (180x45x200 cm) with sliding doors and 8 adjustable shelves. High-resistance structure for professional archiving.

The **metal storage cabinet** is designed to optimize the organization of documents and materials within offices, professional studios, and administrative secretariats. The structure, made of **first-choice sheet steel**, guarantees high mechanical resistance and long-lasting durability, while the **rounded edges** design ensures maximum safety against accidents in work environments. Thanks to the **sliding doors** closing system, the piece of furniture represents the ideal solution for contexts where maneuvering space is limited, avoiding the bulk of hinged doors.
