

Metal cupboard with sliding doors h789_30

Metal cupboard with blind sliding doors. Sheet steel structure with 1 internal shelf designed for hanging files. Dimensions: W 150 x D 45 x H 90 cm.

The **metal cupboard with blind sliding doors h789_30** is a professional monobloc or top-unit storage solution, ideal for the organization of documents and materials in office, industrial, and commercial environments. Made entirely from **first-choice cold-rolled steel sheets** and subjected to a complete epoxy powder coating cycle with polymerization at 180°C, this unit guarantees excellent resistance to wear and corrosion. The structure solves the storage problem in confined spaces thanks to the **sliding door system on nylon-coated ball bearings**, which eliminates frontal opening clearance. Designed for corporate and office targets, the cupboard includes a sturdy internal shelf, optimized to also accommodate vertical-reading hanging folders.

Technical specifications

- **Dimensions:** cm 150 x 45 x 90 h
- **Configuration:** n. 1 internal shelf included
- **Door type:** blind sliding steel doors, equipped with internal reinforcements, recessed plastic handles, and expansion lock
- **Sliding:** on nylon-coated ball bearings with tracks formed directly from the base bending and upper internal track
- **Sheet thickness for sides, base, top, backs, and partition:** 0.8 mm (with side/base junction heads of 1.2 mm)
- **Internal shelf sheet thickness:** 0.7 mm (equipped with 1.5 mm stamped steel hooks)
- **Colors:** available in different colors
- **Door sheet thickness:** 0.8 mm (with 2 mm stamped steel bearing supports)
- **Side slot pitch for equipment:** 60 mm
- **Shelf setup:** for vertical reading hanging files with 330 mm center-to-center distance
- **Surface treatment:** degreasing, washing, hot continuous tunnel passivation, and epoxy powder coating
- **Logistics data:** weight 49 Kg, volume 0.30 Mc, n. 4 packages
