

Metal document display cabinet h283_61

Metal cabinet with sliding tempered glass doors. Dimensions: W.180xD.45xH.200 cm

Metal document storage display cabinet for document archiving with **sliding doors** made of **tempered glass**. The **supporting structure** is made of **first-choice sheet steel**, press-bent and adequately reinforced, 8/10 thickness. The **scratch-resistant epoxy powder coating** is performed after a micro-phosphating process with passivating neutralization. Drying takes place in a thermal tunnel with heat progression (180°C) and controlled temperature. **Sliding tempered glass doors, 4 mm thick**, framed on all 4 sides with 8/10 mm sheet metal frames. **The doors slide** in the top guides by means of galvanized brackets with nylon-coated ball bearings. **Recessed handles** in plastic material. **Door stop** that prevents the overlapping of the doors. **Material supplied unassembled.**

Technical features:

- Material: press-bent sheet steel
- Epoxy powder coating
- N°2 sliding transparent tempered glass doors
- N°4 adjustable internal shelves
- Cylinder lock with supplied key
- Dimensions: W.180xD.45xH.200 cm
- Grey color RAL 7035
- Supplied unassembled
