

Metal document storage cabinet h283_52

Metal cabinet for document archiving, with sliding doors Dimensions: W.200xD.45xH.200 mm

Metal cabinet for archiving and office use with sliding doors. Supporting structure made of top-quality press-folded and adequately reinforced steel sheet, 8/10 thickness. The scratch-resistant epoxy powder coating is performed after a micro-phosphating process with passivating neutralization. Drying takes place in a thermal tunnel with heat progression (180°C) and controlled temperature. Sliding doors in steel sheet reinforced at the top. The doors slide in the top guides using galvanized brackets with nylon-coated ball bearings. Recessed plastic handles. Stop buffer that prevents overlapping of the doors. Material supplied disassembled

Technical features:

- Material: Steel sheet
- 2 compartments
- 2 sliding doors
- 4 adjustable internal shelves designed for hanging folders
- Galvanized steel shelf adjustment hooks
- Cylinder lock with key
- Color: Gray RAL 7035
- Dimensions: W.200xD.45xH.200 cm
- Weight: approx. 132 kg
