

## Metal extension unit with sliding doors h796\_16

Steel metal extension unit for professional filing, 150x45x90 cm, with two space-saving sliding doors and adjustable internal shelves.

The **metal top unit** represents a functional solution for the vertical extension of filing systems in administrative offices, technical studios, school offices, and professional practices. The structure is designed to maximize volumetric capacity in environments where document management requires order and accessibility, solving critical issues related to limited floor space thanks to the **sliding closure system**.

## Technical features

- Overall dimensions: **L.150 x D.45 x h.90 cm**
- Construction material: **First-grade steel sheet**
- Surface treatment: High-resistance non-toxic epoxy powder coating
- Internal configuration: Divided into **2 separate compartments**
- Space management: **1 internal shelf for each compartment**, adjustable every 4 cm
- Opening system: 2 solid sliding doors on precision tracks
- Standard color: White RAL 9010

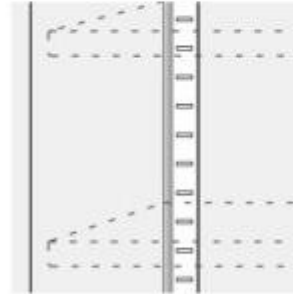

### Available options:

- Color customization with special colors available on request and subject to feasibility analysis.
