

## Metal office cabinet with sliding doors h789\_33

Metal office cabinet with sliding doors and 5+5 shelves. Structure in first-choice sheet metal and powder coating. Dimensions: W 180 x D 60 x H 250 cm.

The **metal cabinet with sliding doors h789\_33** is a professional high-capacity storage solution, designed specifically for the organization of folders, documents, and equipment in **offices, archives, and corporate contexts**. Made with first-choice cold-rolled sheet metal of type FEP01 UNI 5886, this system solves the problem of disorder and lack of space by optimizing vertical development thanks to its 250 cm height. The target audience includes professional studios, administrative offices, and public entities that require **robust, safe, and durable** furniture. The sliding doors, equipped with an expansion lock and smooth sliding on ball bearings, allow quick access to content without obstructing corridors or passage areas.
