

Metal office cabinet with sound-absorbing doors h1033_13

8/10 steel filing cabinet with sound-absorbing sliding doors, 180x45x138 cm. Space-saving solution for acoustic comfort in modern offices.

The **h1033_13 metal cabinet** is a professional storage system developed to meet the needs of contemporary offices and open spaces. Characterized by a **minimalist design** and a modular self-supporting structure, the piece of furniture integrates operational efficiency with advanced acoustic performance thanks to the **sound-absorbing doors**. The choice of materials, featuring the exclusive use of **first-choice 8/10 steel sheet**, ensures structural stability suitable for heavy loads and intensive use in work environments.

The configuration with sliding doors is specifically designed for environments where volume optimization is a priority, allowing access to documents even in narrow corridors or transit areas without frontal obstructions. Operator safety is guaranteed by **rounded external edges** with a 2 mm radius, while surface protection is provided by an epoxy-polyester powder coating cycle after a phosphodegreasing treatment, which preserves its integrity against wear and oxidation.

Technical features

- **Dimensions:** W. 180 x D. 45 x H. 138 cm
- **Structure:** Modular self-supporting in 8/10 DC01 – UNI EN 10130 press-bent steel sheet
- **Structural safety:** External and shelf edges rounded with a 2 mm radius
- **Doors:** Sliding with metal sound-absorbing paneling
- **Lock:** Mechanical deadbolt with extractable cylinder and progressive numbering
- **Key supply:** Double folding key with accident-prevention profile
- **Shelves:** Adjustable metal shelves in 8/10 DC01 steel
- **Base:** 4 leveling feet for leveling on irregular surfaces
- **Surface treatment:** Electrostatic painting with epoxy-polyester resins
