

Metal office cupboard with 2 doors h976_23

Metal office cupboard with PVC tambour doors, 1200x450x2000h mm. DC01/FeP01 steel structure thickness 8/10, RAL 7035 gray color with 4 adjustable shelves for hanging files.

The **metal office cupboard with 2 doors** (model h976_23) represents a high-end professional and space-saving furnishing solution, specifically designed for archiving and organizing documents in intensive work environments. Developed for **executive and operational offices, centralized archives, professional studios, public bodies, and school secretariats**, this unit perfectly meets the needs of traffic space optimization. The system solves the operational problem of **hinged door obstruction in corridors or narrow offices**, thanks to a mechanism with sliding tambour doors that disappear laterally into dedicated cavities. Made with a robust metal structure in top-quality DC01/FeP01 UNI EN 10130 steel with a thickness of 8/10, the cupboard guarantees superior structural stability, integrating internal sides equipped with racks and adjustable shelves prepared for the attachment of hanging files.

Technical specifications

- **Product name:** Disassembled tambour cupboard
- **External overall dimensions (WxDxH):** 1200 x 450 x 2000 mm
- **Internal compartment useful dimensions (WxDxH):** 1050 x 380 x 1900 mm
- **Total number of compartments:** 1
- **Number of compartments per column:** 1
- **Structure construction material:** Top-choice steel DC01/FeP01 UNI EN 10130
- **Steel sheet thickness:** 8/10 mm
- **Total structural weight:** 92 kg
- **Logistic overall volume:** 0.32 m³
- **Base configuration:** Steel plinth base with a height of 60 mm
- **Body features:** Formed by interlocking panels and fixing screws, including bottom, top, and back
- **Tambour housing:** Internal panels arranged to form 2 slots for the lateral sliding of the doors
