

Metallic gynecological examination table with leg holders h904_43

Gynecological table h904_43 in white metal with eco-leather upholstery and 5 cm padding. Includes leg holders and breathing hole.

The **gynecological table h904_43** is an examination station designed for medical offices and specialist clinics that require stable and durable support. The **white painted metal** structure at a fixed height ensures maximum structural rigidity, eliminating oscillations during clinical procedures.

Ergonomics is guaranteed by **high-density foam** padding with a thickness of 5 cm, upholstered in washable eco-leather available in various color variants for integration into various outpatient contexts. The backrest is equipped with a **breathing hole** to improve patient comfort, while the equipment includes a pair of **leg holders** for correct positioning during specialist visits.
