

## Minibar with glass door h438\_206

30-liter thermoelectric minibar with glass door, ideal for hotels. 0 dB silence and internal LED lighting. Compact dimensions.

The **h438\_206 minibar** represents the ideal solution for hospitality facilities seeking a balance between aesthetics and silent functionality. Thanks to the **thermoelectric cooling system**, this minibar guarantees a completely noise-free environment (0 dB), solving the common problem of acoustic disturbance in hotel rooms during nighttime hours. The **glass door** not only provides an elegant and modern design but also allows guests to immediately view the contents, encouraging the consumption of displayed products. Designed specifically for the **HoReCa target**, the device ensures optimal management of internal spaces thanks to adjustable shelves and low-consumption LED lighting.

## Technical features
