

Mobile 18/10 stainless steel hand wash basin h242_116

Mobile hand wash basin in 18/10 stainless steel with 19 L tanks. Dimensions: W 45 x D 36 x H 85 cm.

The **mobile 18/10 stainless steel hand wash basin code H242_116** is the ideal solution to guarantee **hygiene and practicality in environments without a direct water connection**. Perfect for **Horeca, medical, industrial, school contexts or temporary events**, this hand wash basin is designed to offer **mobility, robustness and autonomy** wherever it is necessary to comply with hygiene and health standards.

The structure entirely made of **AISI 304 (18/10) stainless steel** guarantees **corrosion resistance, durability and ease of cleaning**. The frame is **foldable**, allowing to reduce the footprint when not in use, while the **wheels** make it **easy to move** within kitchens, laboratories, trade fairs or mobile service areas.

The hand wash basin is equipped with **two 19-liter plastic containers**, one for clean water and one for waste water. Operation is completely **autonomous**, requiring neither a pump nor a connection to the water network: water flows through a **tap with a flexible hose**, ensuring practical and efficient use everywhere.

Buy the **H242_116 mobile hand wash basin** today to ensure hygiene and flexibility in your work environments. For multiple orders or corporate supplies, request a personalized quote.

Technical characteristics:

- **Structure:** 18/10 stainless steel (AISI 304)
- **Sink:** integrated, in stainless steel
- **Water containers:** 2 x 19-liter tanks (clean and waste water)
- **Tap:** with flexible hose
- **Transport:** on wheels
- **Autonomy:** does not require a pump or water connection
- **Frame:** foldable
- **Dimensions:** W 45 x D 36 x H 85 cm

- **Guarantees:** hygiene everywhere, without water systems.
- **Structure:** made of resistant stainless steel, easy to clean.
- **Easy:** to transport thanks to the wheels.
- **Assembly:** and use are simple and intuitive.

- **Space-saving:** thanks to the folding frame.

FAQ:

1. **Is a water connection required?**

No, the hand wash basin is completely autonomous and works with internal tanks.

2. **Are the tanks included?**

Yes, two 19-liter plastic containers are included: one for clean water, one for waste water.

3. **Is it easy to transport?**

Yes, it is equipped with wheels and is foldable, perfect for mobile or temporary use.

4. **Is it suitable for food use?**

Yes, AISI 304 (18/10) stainless steel complies with standards for food use.

5. **What are its dimensions?**

Its dimensions are W 45 x D 36 x H 85 cm.

Mini buying guide:

When choosing a mobile hand wash basin for professional environments, first evaluate **the quality of the materials**, in particular if it is made of **18/10 stainless steel**, like the H242_116 model, which guarantees resistance to humidity, impacts, and aggressive detergents.

Check the **tank capacity** to ensure sufficient autonomy between changes. The presence of **wheels** facilitates transport in mobile kitchens, catering areas, or construction sites.

Finally, a hand wash basin **without the need for a water connection** is ideal for those who need flexibility and speed of installation.

Mobile stainless steel hand wash basin, professional hand wash basin on wheels, portable stainless steel sink, hand wash basin without water connection, mobile hand wash basin h242_116, hand wash basin with water tanks, mobile sink for kitchen or events.
