

Mobile guidance stanchion h41332

Stanchion with 2.7 m belt, available in the finishes: grey, black and chrome. Metal structure with a choice of black, red and blue belt.

The **mobile stanchion with belt** allows you to limit access in certain areas. Ideal for museums, exhibitions, and events, this stanchion can also be used to create practical paths to better manage the flow of customers, such as in ticket offices at airports, ports, railway stations, but also for restaurants and nightclubs.

The stability of the post is provided by the simple design and the **flat base**. Equipped with a reel with a **2.7-meter belt** and a receiver, it is easy to use.

Made of metal, this **product is available in the following finishes**: chrome, grey and black lacquered.

The belt is available in the following colors: black, blue and red.

Technical features:

- Belt length: 2.7 meters
- Weight: 8 Kg (8.5 Kg for the chrome version)
- Tube diameter: 70 mm
- Base diameter: 350 mm
- Structure: metal

Upon request it is possible to add an **A4 format display** and the **wall-mounted belt receiver** to the product.
