

Mobile hand wash basin with internal tanks h509_06

Mobile hand wash basin with internal tanks for clean/dirty water. Dimensions: mm. W. 450 X D. 450 X H. 1250

Professional hand wash basin suitable for kitchens in restaurants, pubs, and bars that require a handwashing station. The main **advantage** of this hand wash basin is its **mobility**. Furthermore, it is self-contained, thus featuring an internal **10-liter** tank of clean water (with a flow rate of 15 l/min) and an **11-liter** tank for dirty water. **It does not require any water inlet**, drain pipe, or electrical system. It operates via a hydraulic **foot pedal** that pumps clean water from the tank, while dirty water is poured into the other tank. It also features an **anti-odor system**. **Movement** is carried out via a rear handle and rear wheels. The upper **sink** has rounded corners and anti-drip edges. The **frame** is closed on three sides with an internal shelf and a removable front door. The product also features a **built-in waste bin** with a swinging lid, convenient for disposing of paper.

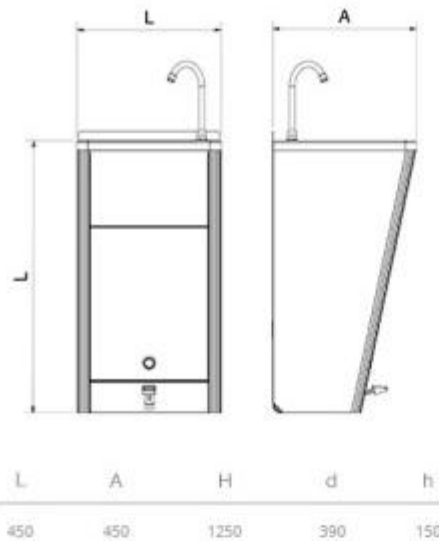

Technical features:

- Dimensions: mm. W. 450 X D. 450 X H. 1250
- Material: stainless steel
- Mobile
- 10-liter tank for clean water
- 11-liter tank for dirty water
- Built-in waste bin
- Water actuation foot pedal
- Swinging lid
- Anti-odor system
- Wheels and handle for transport
- CE certified
