

Mobile pedal bin with book-leaf opening h2091

Mobile waste container in bright stainless steel, 70 liters, HACCP pedal, book-leaf opening, Made in Italy.

Mobile container designed for environments with **high hygienic standards**, combining a bright stainless steel structure, ergonomic handle, and epoxy powder-coated metal pedal. The **book-leaf opening** facilitates bag replacement operations, making it suitable for both the **foodservice** and **healthcare** sectors. The stainless steel finish simplifies cleaning and ensures durability over time, while the wide pedal complies with **HACCP method** criteria for hygienic operations.
