

Mobile phone locker for schools 30 doors h1033_09

Mobile phone locker 30 doors (3x10) in 8/10 mm steel with padlockable locks, wall fixing, for schools and collective environments. Dimensions W 54 x D 20 x H 155 cm.

The **H1033_09 locker** is the solution for the orderly management and secure storage of smartphones in **schools, educational institutes, companies, and collective environments**. The configuration **3 columns of 10 compartments each** allows for the organization of up to 30 devices in a single compact structure, addressing the need to regulate the use of smartphones during school hours.

Made of **8/10 mm DC01 – UNI EN 10130 steel sheet**, it guarantees sturdiness and stability for intensive daily use. The surface is treated with **epoxy-polyester powder coating, with preventive phosphodegreasing**, ensuring long-term protection and aesthetic quality. Each compartment is equipped with a **padlockable lock**, offering autonomy of use and security. Wall fixing ensures stability, while the **matching 12 cm steel feet** facilitate cleaning and improve hygiene. The **dimensions W 54 x D 20 x H 155 cm** create a high-capacity space-saving solution, ideal for corridors, entrances, and common areas.
