

Modern kindergarten desk with height 560 mm h979_12

Modern design kindergarten desk, with melamine top and metal structure. Height: 590 mm. Size: 3. Dimensions: W. 590 x D. 680 x h. 565 mm.

The **modern kindergarten desk h979_12** is designed to offer **safety, resistance and functionality**, making it ideal for **preschools, nurseries and educational spaces**. Thanks to the combination of **high quality materials and a robust structure**, it ensures long-lasting use even in school environments with intensive use.

The **table top** is made of **19 mm melamine**, with **2 mm ABS edges and PUR glue**, ensuring **resistance to scratches, moisture and impacts**. The panel consists of **three-layer particleboard** with synthetic resins, pressed at high temperature for greater durability.

The **steel structure** consists of **tubular feet Ø35 mm with a thickness of 1.5 mm**, fixed to the top with a **6 mm welded steel sheet**, to guarantee maximum solidity. Each leg is equipped with **adjustable levelers**, allowing the **desk to be adapted to any surface** and avoid instability.

The treatment of the structure includes **electrostatic epoxy-polyester powder coating** with **nanoceramics and microcrystalline anti-corrosion process**, increasing **corrosion resistance and paint adhesion by 300%** compared to standard treatments.

The desk is **supplied disassembled**, with **quick and safe assembly via M6 screws included in the delivery**. Furthermore, it is certified according to **ISO 9001, 14001 and 14006** standards, guaranteeing high quality in materials and production.

Guarantee children a modern and resistant desk! Buy model h979_12 now or request a personalized quote.

Technical characteristics:

- **Dimensions:** W. 590 x D. 680 x h. 565 mm
- **Size:** 3
- **Table top:** 19 mm Melamine, edged in 2 mm ABS
- **Feet:** in Ø35 mm steel tube, 1.5 mm thickness
- **Fixing:** with 6 mm welded steel sheet
- **Delivery:** Disassembled, with simple assembly via M6 screws included in the delivery
- **Certifications:** ISO 9001, 14001 and 14006

User benefits:

- **Resistant and durable:** High quality materials designed for intensive use in schools.

- **Safe and easy-to-clean surface:** Scratch, moisture and impact resistant top.
- **Quality certifications:** Compliance with ISO standards for safety and durability.

FAQ:

1. **Does the desk arrive assembled?**
No, it is supplied disassembled, but assembly is simple thanks to the M6 screw system.
2. **Is the desk suitable for intensive use?**
Yes, the combination of treated steel structure and melamine top makes it ideal for frequent use in school environments.
3. **Is it possible to adjust the height of the legs?**
No, but the desk is equipped with levelers to adapt to irregular floors.

4. **Is the top scratch and moisture resistant?**

Yes, the 19 mm melamine is designed to resist scratches, moisture and daily wear.

5. **What treatments does the steel structure have?**

The structure is finished with epoxy powder coating and treated with anti-corrosion nanoceramics, improving resistance by 300% compared to traditional treatments.

Mini buying guide:

When choosing a kindergarten desk, you must consider **safety, resistance and stability**. The **h979_12** model is ideal for educational environments thanks to its **robust steel structure, scratch-resistant top and legs with levelers**.

Thanks to the **anti-corrosion painting and high quality materials**, this desk offers long durability, reducing maintenance costs. Perfect for **nurseries, schools and educational spaces**, it combines **modern design, comfort and reliability**.

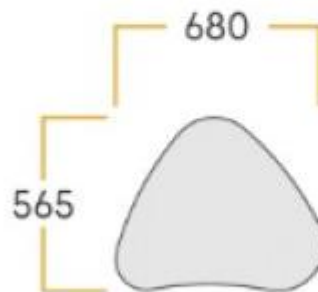

Kindergarten desk, desk with steel legs, desk with melamine top, ISO certified nursery desk, modern school desk, preschool furniture, resistant and safe school furniture.
