

Modular connectable desk for kindergarten h908_150

Modular wave desk for kindergarten, Ø 40 mm steel structure and orange top 120x60x46 cm. Ideal for collaborative educational activities.

The **H908_150 desk** is a connectable table developed specifically for **kindergarten** environments. Its wave (semicircle) geometry is designed to overcome the static nature of traditional classrooms, allowing for the creation of **modular and dynamic configurations**. Thanks to the possibility of placing multiple units side by side, teachers can quickly organize spaces for group work, play, or coordinated workshop activities.

The **aluminum-colored painted steel** supporting structure ensures the necessary robustness for intensive school use, while the legs in **Ø 40 mm** tube offer an optimal balance between mechanical stability and lightness in movement. The orange work surface is designed to foster a stimulating and welcoming environment, respecting the ergonomic requirements of **Size 1** (height 46 cm).

Technical features

- **Type:** Connectable desk for kindergarten
- **Geometry:** Wave / semicircle shape
- **Dimensions:** 120 x 60 cm
- **Height:** 46 cm (compliant with Size 1)
- **Structure:** Aluminum-painted tubular steel
- **Legs:** Circular section Ø 40 mm
- **Top:** High-resistance orange finish

Optional: Upon request and subject to a quote, it is possible to customize the color of the top by consulting the dedicated color chart.
