

Modular desks h172_206

Modular half-moon school table, diameter 90 cm and height 64 cm, with steel legs and red top. Ideal for School 4.0 dynamic classrooms.

The **single half-moon table** represents an advanced furnishing solution for **School 4.0** learning environments. Thanks to a modern and essential design, this desk responds to the flexibility needs required by contemporary teaching. Its specific geometry is designed to encourage collaborative learning, allowing the rigidity of the traditional classroom to be overcome in favor of dynamic configurations that stimulate communication and critical thinking in students.

Technical features

- **Geometry:** Half-moon recess for modular interlocking
- **Structure:** High-resistance steel legs
- **Worktop:** Red color with natural finish edges
- **Dimensions:** Overall diameter Ø 90 cm
- **Height:** 64 cm
- **Modularity:** Designed for aggregate compositions (e.g. "flower" configuration)

Options and customizations:

- Alternative colors for the top available on request and upon quotation.

Note: The price shown refers to a single unit. To create a complete flower composition, 4 desks are required.
