

Modular hex-round linkable desk for nursery school h908_154

Modular hex-round linkable desk for kindergarten in steel and ivory top (L120xP60xH46 cm), ideal for creating educational islands and workgroups.

The **H908_154 desk** is a modular furniture system with **hex-round wave** geometry, designed specifically for kindergarten classrooms. Its linkable configuration allows for overcoming the traditional front layout, facilitating the creation of **educational islands and circular configurations** that stimulate interaction and active participation of children.

The base consists of a **40 mm diameter steel tube** structure, finished with aluminum-colored painting to ensure mechanical stability and resistance to daily wear and tear. The ivory-colored worktop offers a neutral visual surface, designed to reduce eye fatigue and promote concentration during manual and cognitive activities.

Technical characteristics

- **Type:** Modular linkable school desk
- **Shape:** Hex-round wave for multiple configurations
- **Dimensions:** L 120 x P 60 x H 46 cm
- **Ergonomic parameters:** Height 46 cm (Size 1 - Kindergarten)
- **Frame:** Ø 40 mm tubular steel painted aluminum color
- **Work surface:** Top with ivory finish
- **Modularity:** Designed for geometric coupling with specular elements

Options and customizations

- Worktop available in different colors upon request (after consulting the color chart).
