

Modular table for school 4.0 h172_209

Half-moon modular table for School 4.0 with steel legs, diameter 90 cm. Ideal for creating flower-shaped configurations and group work.

The **modular single table** is an advanced furnishing solution designed to meet the needs of **School 4.0**. Thanks to its modern half-moon design, this desk allows to overcome the traditional frontal layout, fostering a dynamic and collaborative learning environment. The structure is conceived to optimize student productivity during group work, facilitating interaction and sharing of spaces.

Technical features

- **Shape:** Half-moon, optimized for modular aggregation.
- **Structure:** Sturdy steel legs to ensure stability and durability over time.
- **Modularity:** Designed to compose circular "flower" configurations (requires 4 units).
- **Dimensions:** Total diameter Ø90 cm, height 82 cm.
- **Top finish:** High-visibility red color.
- **Edges:** Natural color finish for a refined aesthetic contrast.

Commercial notes: The price indicated refers to a single unit. To obtain the complete flower-shaped configuration shown in some images, 4 desks must be purchased.

Customizations on request: Subject to a quote, alternative colors can be requested to adapt the table to the school environment's color identity.
