

Mortuary stretcher h566_11

Mortuary stretcher in AISI 304 stainless steel, continuous surface, fixed height 79 cm, dimensions 207x70 cm, weight 30 kg.

The mortuary stretcher is an essential piece of equipment for healthcare facilities, hospitals, morgues, and mortuary structures. Made of **AISI 304 stainless steel**, it guarantees hygiene, durability, and compliance with the disinfection and cleaning standards required in sensitive environments. The **continuous surface** design facilitates sanitization and movement operations, while the **absence of a drain hole** prevents infiltration and maintains structural integrity. The fixed height makes it stable and reliable during internal transport.

Technical features

- Material: **AISI 304 stainless steel**
- Continuous surface without drain hole
- Fixed height
- Without lid
- Length: 207 cm
- Depth: 70 cm
- Height: 79 cm
- Weight: 30 kg
