

Motorized folding blood collection chair h1016_10

Folding blood collection chair with electric motor, equipped with leg rest, footrest, adjustable headrest and 4 wheels. Steel structure and fire-retardant vinyl upholstery.

The **h1016_10 folding blood collection chair** is designed to ensure comfort and safety during blood collection and other outpatient procedures.

Thanks to the **electric motor with remote control**, the **backrest** can be **reclined** in a practical and silent way, allowing the healthcare operator to easily adjust the patient's position. The **folding leg rest with gas piston** ensures comfortable and stable support, while the **retractable non-slip PVC footrest** increases safety during use.

The **epoxy powder-coated steel** structure ensures robustness and durability, while the **seat**, the **backrest** and the **armrests** are **padded and upholstered** in **antimicrobial, antibacterial and antifungal medical vinyl**, resistant to urine and blood, **fire-retardant** and easy to sanitize.

The **adjustable headrest** and the integrated **lumbar cushion** offer an additional level of comfort. Thanks to the **4 wheels of 125 mm (2 with brake)**, the chair is easily transportable within wards and clinics, maintaining stability and safety during use. **Compliant with international regulations**, it is the ideal solution for hospitals, clinics and medical centers.

Choose the h1016_10 blood collection chair to offer your patients maximum comfort and healthcare operators practical and safe use.

FAQ:

1. Is the backrest electrically adjustable?

Yes, the backrest reclining is done via an electric motor controlled by remote control.

2. Is the leg rest independent?

Yes, it is manually adjustable with a 400N gas piston.

3. Is the chair easy to sanitize?

Absolutely yes: the vinyl upholstery is resistant to urine, blood and chemical agents.

4. Is it easy to move?

Yes, thanks to the handle and the 4 wheels of 125 mm (2 with brake).

5. Are additional supports such as IV poles or medical accessories included?

No, but the chair is set up for optional accessories that can be purchased separately, upon request for a quote.

Mini buying guide:

The **h1016_10 motorized folding blood collection chair** is designed for those looking for a robust, hygienic and functional solution. With an **electric motor for the backrest, folding leg rest, non-slip footrest** and **adjustable headrest**, it offers total comfort to the patient and practicality to healthcare operators. Perfect for hospital facilities and modern clinics.
