

Multi-level church truck with 4 wheels h687_91

Multi-level church truck in aluminum and stainless steel. Capacity: 454 kg, 4 adjustable lengths and 4 heights. Wheels: Ø 20 cm, made in Italy, black color.

The **h687_91 church truck** is a professional multi-level device designed and manufactured in Italy to offer maximum versatility in the funeral sector. Featuring a lightweight **aluminum** frame and **stainless steel** joints, this support solves the problem of handling heavy loads (up to 454 kg), allowing easy management even by a single operator. The intuitive design allows the truck to be adjusted to **4 different lengths and 4 height levels**, adapting perfectly to different logistical or liturgical contexts. Thanks to the use of lubricated nylon and Teflon rings on all moving parts, the adjustment, opening, and closing operations are extremely smooth and silent, ensuring maximum professional decorum.
