

Multi-play composition with sandpit h575_94

Play structure for parks with slide and sandpit. Age: 2-6 years

Multi-play composition that promotes interaction between younger children. Recalling the shape of a **small ship**, it stimulates the **imagination** of young sailors, encouraging them to set sail together for new adventures. The structure is made with 90x90 mm aluminium poles, with rounded corners (r. 10 mm), and powder-coated steel tubes (30x3 mm). It is equipped with sandwich HDPE panels (15 mm thick), **powder-coated perforated sheet metal railings**, MDPE platforms with embossed surface, to ensure high slip resistance, and Ercoles ropes and nets for climbing. The playground is equipped with a straight steel slide (h 58 cm) and a small sandpit, located at the bow of the ship and decorated with two cute portholes. It is enriched by a **steering wheel and a polyethylene stool** and a Forex flag.
