

Multi-purpose trolley with double handle h122_104

Aluminum crate trolley with double handle and pneumatic wheels. Load capacity 180 kg, dimensions 48x49xh.116 cm. Lightweight and solid for logistics.

This **all-purpose aluminum trolley** has been designed to optimize manual handling operations for packages, boxes and luggage. The aluminum structure offers an excellent ratio between self-weight and mechanical resistance, ensuring an extremely manageable and durable work tool. The **double handle** configuration allows precise control of the trajectory and a secure grip even when transporting bulky loads, reducing the operator's physical effort.

Technical features

- Material: **high-resistance aluminum**
- Grip: **ergonomic double handle**
- Load capacity: **approx. 180 kg**
- Wheels: **26x8.5 cm pneumatic wheels**
- Overall dimensions: **48 x 49 x h.116 cm**
- Weight: **ultra-lightweight structure**
