Multifunction mirror with electric hand dryer and soap dispenser 670x800 mm h647_58

Multifunction mirror 670x800 mm for public bathrooms with electric hand dryer and touch-free soap dispenser in laminate and glass.

This **integrated system for public bathrooms** is a space-saving 2-in-1 solution that combines in a single wall-mounted unit an elegant front mirror, an electric hand dryer with a fast drying cycle of 10-15 seconds, and a soap dispenser with touch-free operation. Developed to optimize hand washing and drying stations in high-traffic contexts, the cabinet with a laminated chipboard shell and glass front hides the dispensers inside, solving the operational problem of clutter, wall space constraints, and residual hygiene. The system ensures an organized user experience and a modern aesthetic, integrating perfectly with both deck-mounted and wall-mounted faucets.

Technical features

- **Type:** Integrated system / Washing unit / Multifunction mirror with integrated dispensers
- **General dimensions:** Height 800 mm x Width 670 mm x Depth 239 mm
- **Materials:** Laminated chipboard shell and glass front
