Multifunction mirror with electronic mixer, hand dryer and dispenser 54x72 cm h586_47

Multifunction mirror 54x16 H72 cm with electronic mixer, 900W hand dryer and photocell dispenser in melamine and glass.

This **integrated system for public bathrooms** is a fixed multifunction mirror designed to centralize all hand hygiene operations in a single wall-mounted point. Designed to meet the stringent needs of professional and high-traffic environments, the melamine storage cabinet with a frameless front mirror combines an electronic mixer with a thermostatic mixer, an automatic photocell-activated detergent dispenser, an ultra-fast electric hand dryer, and an ambient lighting system. This solution solves operational issues related to water dispersion on the floor, the clutter generated by scattered accessories, and the risks of manual contamination, guaranteeing maximum hygiene, mechanical resistance even against possible acts of vandalism, and extreme ease of cleaning.

Technical features

- **Type:** Fixed multifunction mirror / Integrated system for public bathrooms
- **Storage cabinet dimensions:** 54 x 16 x H72 cm (54x16x72 cm)
- **Front mirror dimensions:** 540 x 720 mm, frameless, in safety glass with Ø 5 mm fixing holes
- **Materials:** Melamine structure and safety glass
- **Color and finish:** Matt white (RAL9016)
- **Lighting:** Automatic ambient LED light activation
- **Electronic mixer:** Operating pressure 0.5 - 8.0 bar, flow rate 4 - 6 l/min
- **Thermostatic mixer included:** pressure 1 - 5 bar with 4 - 6 l/min dispenser
- **Detergent dispenser:** Automatic dispensing via photocell
- **Electric hand dryer:** Ultra-fast, power supply 230 VAC, 50 Hz, power 900 W
- **User signage:** LED backlit pictograms for intuitive use
- **Electrical preparation:** Connection to the 230V line at the customer’s expense, positionable behind the mirror via a recessed box
- **Installation:** Wall mounting via 2 wall plugs (not included in the package; choose plugs suitable for the type of masonry; screw hole diameter: 6 mm)
- **Maintenance and cleaning:** Periodic check of the correct fixing of the accessories. Cleaning with soap and water and periodic disinfection. Do not use aggressive, abrasive, corrosive products, alcohol, acids, acetone, or thinners. Do not scratch
- **Certifications and compliance:** TÜV UNI EN ISO 9001 system certification; CE Declaration of Conformity to the European Low Voltage Directive 35/2014; CE Declaration of Conformity to the European Electromagnetic Compatibility Directive 30/2014
