

Multifunctional dressing trolley h564_77

Dressing and emergency trolley with 4 drawers and drawer riser.

Monocoque dressing trolley entirely made of **anodized aluminum**, thickness 10/10, oven-baked painting on epoxy primer and finished with acrylic and polyurethane enamels, **scratch-resistant, stain-resistant, anti-corrosion, washable and disinfectable**. The painting process complies with **UNI EN ISO 9001** standards. Body color RAL 7035 or RAL 9006. Prepared for the insertion of easily removable accessories. **Rear part and upper top** made of **injection-molded technopolymer**. Worktop with **containing edge** on 3 sides H=40 mm for liquid containment, ergonomic design, free of sharp corners and edges, easy to clean, washable and sanitizable. **Integrated push handle** on three sides of the trolley, with double front grip for easy maneuverability. **Electro-galvanized sheet metal riser**, mounted on a pair of adjustable bars, complete with **double row of tilting transparent plastic drawers (4+5)**. **Ampoule opener**. Left side with **Removable additional worktop, chrome wire basket hooked on bar**. **Front part** Compartment complete with **thermoformed side walls** for ISO 600x400 accessories (drawers, shelves, baskets, trays, etc.) closed by 2 doors made of technopolymer, complete with **molded handle**, ergonomic and anti-trauma. The doors are recessed into the structure and complete with centralized key lock. Right side wall: **Universal accessory bar, ABS catheter and tube holder, universal support for needle and sharps containers**. Shaped base with peripheral bumper function, made of injection-molded technopolymer, **4 twin wheels**, swivelling in solid rubber, anti-thread, non-marking, mounted on **Ø 125 mm ball bearings, 2 of which with brake**.
