

Multifunctional office cabinet h471_71

Low painted metal cabinet, 700x450x900 mm. Equipped with external drawer and adjustable shelf for technical and office filing. The **metal office cabinet** represents a functional solution for the organization of documents and small stationery in commercial, technical, or operational environments where space is limited. The structure is entirely made of steel sheet treated with **epoxy-polyester powders** in Grey RAL 7038, a coating that guarantees protection and resistance to daily wear.

Internal organization is managed by a **movable shelf** that allows the compartment to be adapted to the size of binders or equipment, while the **independent external drawer** facilitates quick access to frequently used objects. Security is guaranteed by dedicated key lock systems for both the main compartment and the drawer.
