

Multipurpose canteen table h908_52

Multipurpose melamine table 180x80 cm with sturdy Ø60 mm steel legs, ideal for high-traffic canteens and collective spaces. The **h908_52** multipurpose table is a furnishing solution designed to combine functionality and resistance in professional and collective contexts. Thanks to its solid structure and generous dimensions, it effectively meets the needs of **corporate canteens, school areas, and meeting rooms** that require stable and durable work surfaces. The rational design allows for harmonious integration into various architectural styles, while ensuring optimal ergonomics for the end user.

Technical features

- **Overall dimensions:** W 180 x D 80 x H 76 cm
- **Top material:** High-resistance melamine, easy to sanitize
- **Structure:** Steel tube legs with **60 mm** diameter for maximum stability
- **Frame finish:** Corrosion-resistant treatment and resistant to chemical cleaning agents
- **Capacity:** Designed to comfortably accommodate up to 6 people
- **Resistance:** Tested for intensive use in public and high-traffic environments

Options available upon request:

- Custom dimensions according to specific space requirements
- Laminate worktop for superior surface resistance
