

Multipurpose canteen table h908_53

Multipurpose canteen table 160x80 cm, melamine top and Ø40 mm steel legs. Robust and sanitizable solution for catering and collective spaces.

The h908_53 multipurpose canteen table is a technical furnishing solution designed to meet the needs of **company canteens, school refectories and break areas**. Thanks to the 160 x 80 cm surface, the module guarantees a spacious operational area while maintaining an optimized footprint for the configuration of high-density collective rooms. The choice of materials is oriented towards maximum durability: the melamine top facilitates daily sanitization operations, while the metal base ensures constant structural stability.

Technical characteristics

- **Dimensions:** W 160 x D 80 x H 76 cm
- **Worktop:** Made of high-resistance melamine, thickness optimized for intensive use
- **Supporting structure:** Steel tube legs with Ø40 mm diameter
- **Stability:** Anti-wobble design for public use environments
- **Maintenance:** Finishes resistant to detergents and corrosion

Optional on request:

- Production with custom non-standard sizes
- Laminate top for increased mechanical performance
