

Museum display case h1041_02

Museum display case in black iron and 8 mm tempered glass. Dimensions: W 120 x D 60 x H 105 cm, with 4 corner LED spotlights at 4,000°K and security lock.

The **museum display case** is a professional solution that combines maximum stability and a contemporary design, ideal for the enhancement of precious artifacts and items. Made with a sturdy **black iron structure**, this display case offers a solid and resistant base, ensuring superior protection thanks to the **8 mm tempered glass** that ensures transparency and safety against impacts. The main function is to solve the need for horizontal display in museums, art galleries and prestigious showrooms, providing a sealed environment protected by a **security lock**. Lighting is provided by **4 corner LED spotlights at 4,000°K**, calibrated to offer a natural and uniform light that enhances every detail of the exhibited objects without altering their chromatic characteristics. The product is supplied already assembled and ready for use, facilitating immediate setup operations.
