

## Museum display case with 4 spotlights h1041\_05

Professional museum display case in iron and 8 mm tempered glass with 4 LED spotlights and 3 adjustable shelves. Dimensions: 60 x 60 x H 200 cm. Color: black.

The **museum display case h1041\_05** is a technical solution designed for the display and protection of valuable objects in contexts such as galleries, showrooms, and museum spaces. The structure, made of **sturdy iron** in black, meets the need to combine contemporary design with maximum operational stability. The protection system uses **8 mm thick tempered glass**, ensuring optimal transparency along with a high standard of safety against impacts. Thanks to the three adjustable shelves and the integrated lock, the product effectively solves the problem of dynamic management of display spaces, while ensuring the safety of the items contained.
