

Nest swing for disabled children h350_328

Nest swing for children with disabilities. Dimensions: 185 x 265 x 240h cm.

Swing with basket seat, ideal for furnishing playgrounds and public gardens. **Designed to be used also by children with disabilities.** The structure is composed of a top beam in Ø89 mm round steel tube and 30/10 sheet metal lateral attachments for connection to four EN AW 6060 alloy aluminum posts, section 9 x 9 cm. At the ends of the beam, two brightly colored decorative panels are applied. It features dual swing direction and a Ø100 cm nest seat composed of a weave of colored synthetic ropes with an internal steel core and narrow-link stainless steel chains connected to the beam with double fixing. Excellent resistance to atmospheric agents and UV radiation. Equipped with hot-dip galvanized metal attachments for ground anchoring.

Technical Features:

- Overall dimensions: 185 x 265 x 240h cm
- Fixing: to be buried
- Age of use: 3-12 years
- Number of users: 3
- Impact area: 17.25 sqm
- Fall height: 147 cm
- Assembly time: 2h
- Minimum space: 750 x 565 cm
- Inclusive play
- EN 1176 certified
