

Nest swing for parks h350_145

Swing with cradle seat for a maximum of 5 children. Dimensions: W270 x D180 x H265 cm

Nest swing for playgrounds and public gardens. Ideal for entertaining children by making them fly and swing in the air. The swing consists of **4 Nordic pine wood posts** and a **galvanized steel top beam**. The **seat is made of woven synthetic ropes** and is connected to the central beam via **sturdy close-link chains** which, together with the wide 100 cm diameter of the seat, make the swing safe and usable by several children at the same time. The **anchoring is done to the ground** via galvanized metal attachments and screws.

Technical features:

- Dimensions: W270 x D180 x H265 cm
- Fall height: 160 cm
- Minimum space: 700 x 580 cm
- Impact area: 18 sqm
- Seat diameter: 100 cm
- Material: wood and steel
- Assembly using 8.8 galvanized steel bolts and self-locking nuts
- Number of users: max 5
- Age of use: 3-12 years
- Max weight: 29 kg
- Assembly time: 1h
- Available with underground or floor-level fixing
- **Complies with European Standards EN 1176 by the German Institute TÜV - SÜD**
- **Can also be used by children with disabilities**
