

Nest swing for playground h350_141

Nest swing for playgrounds and gardens. Pine wood structure. Dimensions: W370 x D160 x H230 cm

Basket swing for children, perfect for enriching playgrounds and school gardens. With **Nordic pine wood structure** and **steel seat** finished by a weave of synthetic material ropes. The nest or basket seat is characterized by its **large dimensions** thanks to which it offers enough space not only for one child, but also for 2 or 3 at a time. In fact, the **robust and resistant stainless steel chains** connected to the structure by double attachment, guarantee **total safety** even for high swings and greater weight to let children have maximum fun.

Technical characteristics:

- Dimensions: W370 x D160 x H230 cm
- Fall height: 130 cm
- Minimum space: 660 x 750 cm
- Impact area: 27 sqm
- Seat diameter: 120 cm
- Material: wood and steel
- Assembly via 8.8 galvanized steel bolts and self-locking nuts
- Number of users: max 4
- Age of use: 3-12 years
- Max weight: 25 kg
- Assembly time: 1h
- Available in the in-ground and floor-level version
- Complies with European Standards EN 1176 by the German Institute TÜV - SÜD
- Can also be used by children with disabilities
