

New Jersey plastic barrier h63_07

New Jersey road barrier in plastic. Dimensions: W100x D40 x H60 cm. Color: red.

New Jersey barrier ideal for delimiting construction areas and directing vehicle traffic in parking lots or roads. Entirely made of **plastic material** which makes it extremely lightweight and easy to transport. **Resistant to impact and breakage** and equipped with a special **quick fastening system** that allows it to be connected to other barriers, so as to create linear or curved configurations. Equipped with a cap at the top that allows it to be filled with water or sand to make it very stable.

Technical features:

- Dimensions: W100 x D40 x H60 cm
- Material: plastic
- Color: red
- Empty weight: 6 kg
