

## Non-magnetic trolley with shelves h680\_09

Non-magnetic trolley for hospitals with 5 drawers in plastic material. Dimensions: W. 552 x D. 710 x H. 1330 mm.

**Non-magnetic hospital trolley** with a frame made of **PVC**; this, in addition to improving the aesthetic appearance, increases mechanical resistance and has **antibacterial properties**. The product is equipped with **removable shelves** made of **HPL** to facilitate sanitization and drawer units in plastic material with 5 drawers. The trolley has 4 convenient wheels for easy movement and brakes. Ideal for dressings to facilitate the healthcare operator's work and keep everything needed in perfect order. The trolley is made with non-metallic materials, which is why it can be labeled as **MR Safe according to the harmonized standard CEI EN 62570;2016-01**.
