

Northmace h41434 steam iron for hotels

Northmace 2200W steam iron with stainless steel gliding soleplate, specifically designed for quick and easy ironing for hotel guests.

The **Northmace Avantgarde steam iron (model h41434)** is a high-end solution designed specifically to meet the needs of the most prestigious hotel facilities. With a power of **2200W** and an **extra large stainless steel soleplate**, this device guarantees quick, smooth, and professional ironing for every type of guest. The "guest-friendly" design translates into intuitive control buttons and a soft-grip handle, solving the operational problem of ease of use for international users. Room safety is entrusted to an **integrated auto-off timer** (30 seconds horizontally and 8 minutes vertically), while durability over time is ensured by integrated **self-cleaning and anti-calc** systems. Equipped with a 3-meter cord coated in durable rubber, it represents the standard of excellence for managers who do not want to compromise between performance and safety.
