

## Northmace h41435 steam iron for hotels

Northmace - President steam iron with 2000W of power and coated soleplate, suitable for quick and smooth ironing by guests in hotels.

The **Northmace President steam iron (model h41435)** is a professional mid-sized device, specifically designed to ensure quick and smooth ironing within hospitality facilities. With a power of **2000W** and a **non-stick coated soleplate**, this iron allows hotel and B&B guests to treat their garments with extreme ease and precision. In-room safety is at the heart of Northmace design: the system integrates an **auto-off timer** that triggers after just 30 seconds of inactivity in a horizontal position and after 8 minutes in vertical. Thanks to the intuitive "guest-friendly" control buttons and soft-touch handle, the President model solves the operational problem of ease of use for every type of user, while ensuring long life thanks to the built-in **self-cleaning and anti-scale** systems.
