Exclusive professional Northmace welcome set consisting of a 0.9 L kettle and matching tray. Power up to 1630 W, automatic shut-off and ultra-compact design (28 cm) for hotels and boutique hotels.

Short Description (preview) Exclusive professional Northmace welcome set consisting of a 0.9 L kettle and matching tray. Power up to 1630 W, automatic shut-off and ultra-compact design (28 cm) for hotels and boutique hotels. Description (HTML) + Technical features (HTML)

The **Northmace professional tray set with kettle** is a solution of excellence designed specifically for high-level hospitality. This welcome kit combines the renowned reliability of the Northmace brand with an extremely rational design, making it ideal for hotels, boutique B&Bs and boutique hotels that have limited space but do not want to give up an impeccable room service.

The **0.9 liter** kettle is made with robust materials and guarantees rapid boiling thanks to the power that reaches **1630 W**. The system is completed by a **matching technical tray**, designed not only for an elegant presentation, but also to act as a protective barrier: its structure helps to contain any accidental liquid spills, preserving the integrity of furniture and surfaces. Equipped with automatic shut-off and advanced safety systems, this set represents a safe investment for the protection of the facility and the comfort of the guest.
