

## Nursery changing table h927\_01

Professional changing table for nurseries and playrooms, Nordic finish, 90x75x95 cm. Sturdy structure delivered already assembled for intensive use.

The **professional changing table** is specifically designed for the furnishing of **nurseries, playrooms and collective childcare spaces**. The structure meets the need to combine ergonomics for the operator and safety for the child during daily hygiene operations. Thanks to the **neutral Nordic finishes**, the piece integrates into modern educational contexts, offering a large and stable support surface. The delivery of the **completely assembled** product eliminates assembly times and guarantees immediate maximum structural solidity.

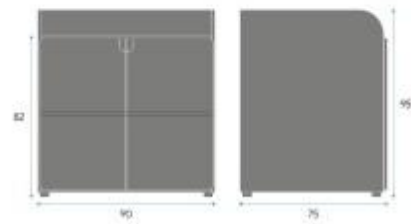

## Technical characteristics

- **Dimensions:** W. 90 x D. 75 x H. 95 cm
- **Structure:** High resistance for prolonged use in public environments
- **Aesthetics:** Anti-reflective neutral Nordic finishes
- **Installation:** Supplied factory pre-assembled
- **Accessories:** Changing mat not included (available separately)
