

Nursery coat rack with 6 hooks h364_50

Wall-mounted nursery coat rack with 6 hooks in fire-retardant melamine and birch, L. 105 cm. CAM certified structure for maximum school safety.

The **6-hook nursery coat rack** is designed for the rational organization of educational spaces, such as classrooms and school corridors. The structure allows children to independently manage backpacks and jackets, while ensuring high safety standards thanks to the use of **Class 1 fire-retardant melamine**. The combination of the aesthetic warmth of birch and the resistance of the plastic hooks makes it a durable piece of furniture suitable for daily intensive use.
