

Nursery school coat rack cabinet with open compartment h175_35

Wooden nursery school coat rack cabinet with open compartment, rounded frame and plastic feet. Dimensions 75x40xh.162 cm.

Coat rack cabinet designed specifically for nursery school environments, ideal for organizing children's clothing. The structure combines storage functionality with a design intended for safety in contexts frequented by young users.

The front part is characterized by a **melamine-faced wooden frame with rounded edges and corners**, an element that, in addition to providing aesthetic elegance, ensures protection from the risk of accidental impacts against the surface of the module. The **open compartment** allows for immediate viewing of the contents, while the **integrated hanger rod** (hangers excluded) allows for organized hanging of clothing items.

The base rests on **plastic feet** that ensure structural stability and insulation from floor moisture, facilitating cleaning operations of the space below.
