

Nursery school coat rack h908_43

Double-sided mobile coat rack in beech melamine, 20 spaces with hangers and open compartments on wheels, ideal for organization in nurseries.

The **h908_43 mobile coat rack** is a furniture module designed specifically for the logistical needs of nurseries and preschools. The **double-sided** configuration allows for the optimization of common spaces or corridors, offering an orderly solution for storing clothing and personal accessories in a single compact block.

The structure is made with 20 mm thick **melamine-faced particle board** panels, a value compliant with current ministerial regulations for school furniture, ensuring mechanical stability and resistance to daily wear and tear. The integration of **wheels at the base** gives the trolley complete mobility, facilitating room cleaning operations and allowing for rapid reconfiguration of educational environments based on operational needs.
