

Nursery school high chair h908_180

Stackable beech wood nursery high chair, size 2, with safety belt and removable green padding.

The **h908_180 high chair** represents a professional furniture solution designed specifically for mealtime and assisted activities in nursery schools and kindergartens. The structure combines the natural aesthetics of **solid beech wood** with the functionality required by modern educational contexts, ensuring stability and ergonomic support suitable for children's development.

Designed to solve the challenges associated with managing collective spaces, this model offers a safe seating system thanks to the **integrated belt** and superior comfort guaranteed by the textile padding. The choice of materials, such as beech plywood for the backrest and seat, ensures high mechanical resistance, essential for intensive daily use in a professional setting.
