

Nursery school storage cabinet with 2 doors h172_251

Storage cabinet for nursery schools in beech melamine (100x45x110 cm) with doors and anti-trauma edging for maximum safety.

The **H172_251 nursery school cabinet** is a professional storage system designed to combine space optimization and safety for the youngest users. Made of **18 mm thick beech melamine**, the cabinet responds to the stresses typical of high-traffic educational environments, guaranteeing structural stability and durability over time.

Internal organization is handled by a **reinforced shelf** that allows for a rational division of teaching materials, aids, and toys. The two-door system protects contents from dust and maintains visual order within the classrooms, while the ergonomic handles are sized for easy use.
