

## Office cabinet with 4 shelves h471\_67

Monobloc office cabinet in sheet steel, 60x40x180 cm. Reinforced door with 180° opening, 4 adjustable shelves and key lock. The **monobloc office cabinet** is a functional solution designed for the organized and secure storage of documents in commercial offices, technical studios, and professional archives. The structure is entirely made of **cold-rolled sheet steel**, treated with epoxy-polyester powder coatings in Grey RAL 7038, guaranteeing high resistance to wear and chemical agents.

The opening system features a single door equipped with an **internal anti-twist reinforcement rib** and internal hinges with visible pins that allow for a full 180° opening. Internally, the space is configurable thanks to **4 height-adjustable shelves**, allowing maximum flexibility for binders or equipment of different sizes.
