

Office cabinet with drawer h471_68

Monoblock metal cabinet with one door in cold-rolled sheet metal, 600x400x1000 mm. Includes internal drawer and adjustable shelf for small offices.

The **monoblock single-door cabinet** is a compact storage solution designed to optimize space in offices, professional studios and small archives. The structure guarantees maximum stability thanks to its construction in **cold-rolled steel sheet**, treated with epoxy-polyester powder coating in a semi-matt Grey RAL 7038 finish, which ensures resistance to wear and light chemical agents.

Ergonomics are guaranteed by a door with a **180-degree** opening ensured by internal pin hinges, which facilitates full access to the internal compartment without structural hindrances. The internal configuration is designed for maximum operational flexibility, integrating support elements for various types of materials.

Technical features
