

Office cabinet with sound-absorbing doors h1033_12

Professional office cabinet in 8/10 steel, 180x45x200 cm. Equipped with sound-absorbing sliding doors to improve acoustic comfort.

The **h1033_12 sound-absorbing door cabinet** represents an advanced solution for archiving in modern work environments. Designed to combine volumetric order with the management of acoustic well-being, this model solves the typical criticalities of open spaces and executive offices, where environmental noise and the need for a solid structure are priorities. The entirely metallic construction guarantees superior longevity compared to standard furniture systems, maintaining a minimal design with slim lines.

Technical features

- **Dimensions:** W 180 x D 45 x H 200 cm
- **Structure:** Self-supporting modular carcass in first-choice 8/10 DC01 steel sheet – UNI EN 10130, press-bent
- **Structural safety:** External rounded edges with a 2 mm radius
